## **Eagle Claw TroKar Magworm Baitpin Hook - TK125**

Surgically sharpened on three sides, TroKar hooks penetrate faster than other hook point shapes, which increases hook-up ratios. Precisely and symmetrically ground for consistent performance. Low-profile barb designed for easier penetration, yet delivers ultimate holding power, with added bait pin to ensure your plastic lures remain straight and secure. Tempering process specifically manipulates Q741 wire for maximum strength potential.
