Sweet Mercy hones its novices' skills to deadly effect: it takes ten years to educate a Red Sister in the ways of blade and fist.But even the mistresses of sword and shadow don't truly understand what they have purchased when Nona Grey is brought to their halls as a bloodstained child of eight, falsely accused of murder: guilty of worse.Pressestimmen

'Dark, passionate, tense, with a female hero anyone could relate to-I was utterly fascinated! This is no pretty, flowery tale, but one of vastly different people struggling to survive when a hostile government comes to power' - #1 New York Times bestselling author Tamora Pierce 'This is a book very distinct from everything that came before; what it has in common though is a narrative that pulls no punches, and characters that are beautifully, brokenly, repellently, cleverly human' Sci-Fi and Fantasy Reviews 'I had never thought it was possible to find a greater character than the Emperor Jorg Ancrath. I had never even slightly considered that there might be a fantasy world out there toppling that of TAUhe Final Empire, and most definitely, I had never thought that i could love a book more than The Night Angel. But here we are' BookNest 'Any other author is going to have to smack the ball way, way out of the park to top this read' Parmenion Books
